## EXPERIENCE & INTERNSHIPS

**On-site survey | School of architecture | woxsen university | December 2024 – ongoing**

- This project addresses the critical need for safe and inclusive pedestrian infrastructure in Sangareddy. In collaboration with the Urban Lab Ahmedabad, we are conducting a comprehensive study of existing junctions, documenting their current conditions and identifying key safety and accessibility issues. Through detailed analysis and redesign proposals, we aim to transform these junctions into pedestrian-friendly spaces.

**AKIRAT Resort design in Jaipur | freelancing project | ecoscape | January 2025 – ongoing**

- As part of the Ecoscape team, I contributed to the design of a resort in Jaipur, India. I was involved in conceptual development, main built-up space design, and client interaction. My work included creating initial design concepts, detailing architectural plans, and participating in client meetings to refine the project vision.

**VR Campus Tour Project | AIRC | Woxsen University | June 2024 – December 2024**

- Developing Metaverse VR campus tour, integrating VR technology with architectural design
